Are YOU Saving for Victory Bonds?

Terms of Victory Loan, 1918.

Sir Thomas White in his speech at Winnipeg on October 8th announced the terms of the Victory Loan 1918 as follows: Through the prospectus of the B.I.R. Canadian war loan the Victory Loan of 1918—the Dominion of Canada will ask for a minimum amount of \$300,000,000, with the right to accept all or any part of subscriptions in excess of that sum, to be used for war purposes only, and to be spent wholly in Canada. The rate of interest will be 3 1/2 per cent. per annum, payable May 1 and November 1, and the denominations \$50, \$100, \$500, and \$1000. The loan will be offered in two instalments—five year bonds, due November 1, 1923, and 15 year bonds due November 1, 1933.

The issue price will be 100 and accrued interest for both maturities, making the income return 3 1/2 per cent. per annum. Provision is made for payment in five instalments as follows: 10 per cent. on application; 20 per cent. December 6, 1918; 20 per cent. January 6, 1919; 20 per cent. February 6, 1919; 30 per cent. March 6, 1919. The last payment of 31.16 per cent. representing accrued interest of 3 1/2 per cent. from November 1st to due date of the respective instalments. As a full half year's interest will be paid on May 1st, 1919, the cost of the bonds will be 100 and interest. Payment may be made in full at the time of application at one limited without interest, or on any instalment due date thereafter with interest accrued at 3 1/2 per cent. per annum. Bearer bonds will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or as to both principal and interest in authorized denominations, will be delivered to subscribers making payment in full as soon as the required registration can be made. Bonds of this issue will be free from taxation—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada, and will carry the privilege of conversion into any future domestic issue of a like maturity or longer, issued by the government, during the remaining period of the war. Subscriptions lists will be open on October 28th, 1918, and close on or before November 10, 1918.

VICTORY LOAN MEETING.

A meeting was held in the Council Chamber on Tuesday last, for the purpose of canvassing the Bow Island district in behalf of the Victory Loan. All present signified their entire willingness to assist, so far as it was in their power to do so, and the prospect was that when the final thing is completed the chairman and secretary will find themselves backed by a strong aggregation. The Mayor (Jas. Roth) was elected chairman and Mr. S. Beattie, who proved such a valuable and indefatigable worker last year, signified his willingness to again act as secretary.

Another meeting will probably be held to-day (Saturday) to appoint

canvassers for the surrounding towns and districts.

As the drive starts next Monday, it is the hope of the chairman and secretary that the canvassers will be given every support and all assistance possible. Most of the latter will be losing much valuable time and are taking up the work from a pure sense of patriotism.

Finally, let it be remembered that Victory Bonds are a good investment and it is a duty that each and every one owes to his country to endeavour to make the Loan as successful as he possibly can.

CAUGHT WITH THE GOODS.

Smart Capture by Constable Palmer A.P.P.

A. Sharp of Bow Island and J. I. Jole of the Drilling Co. north of Bow Island, were arrested before Police Constable Brown on Saturday charged with having liquor in their possession unlawfully. The arrest was made by Constable Palmer, A.P.P., on the Friday midnight previous. He had been watching Sharp's house on Bell Street and on the night in question Sharp and Jole drove up in an auto mobile. Sharp collected the whiskey from the car and was carrying it into the house when the constable intercepted him and made the arrest.

Both the accused pleaded not guilty to the charge. Sharp said the liquor was for his own use and Jole pleaded ignorance.

Neither of these pleas, however, were of any avail and Sharp was fined \$100 and costs and Jole \$50 and costs. The liquor, about four gallons, the magistrate ordered to be confiscated and destroyed.

Another conviction of the two accused would involve imprisonment without the option of a fine.

A Raid on Kong's Cider.

On Thursday last when Charles Kong, of the B.C. Cafe, Bow Island, was brought up before Police-magistrate Brown on a similar charge to the above, Constable Palmer again prosecuted and F. O. McKenna defended. The constable declared that cider in Kong's possession had been submitted to government analysis and found to be 10.29 per cent. alcohol and 89.71 per cent. water. The cider was forfeited and destroyed.

UNIVERSITY OF ALBERTA
Department of Extension Activities

The Eastern slide service of the Department of Extension of the University of Alberta promises to be even more popular this winter than last. Already over 50 per cent. of the seats are out on loan clubs or individuals wishing to avail themselves of this service should send in their applications as early as possible, and should in every case make a second and third choice in order to avoid delay and disappointment. Applications should be made to the Visual Instruction Division, Department of Extension, University of Alberta.

There are also indications that the services of the Travelling Library Division of this Department will be used more extensively this year. The circulation of the Open Shelf books during the month of September was nearly three times that of September, 1917. In making application for these, as for lantern slides, a second and third choice should be made.

Among the new books added during the summer to the Open Shelf library the following are of special interest to ministers:
Competition, a Study in Human Motive, by John Harvey, and others.
The New Horizon of State and Church, by W. H. P. Faunce.
The Life and the Next, by P. T. Parryth.

The Assurance of Immortality, by H. E. Fowler.
The Handhood of the Master, by H. E. Fowler.
The Church and the Man, by Donald Hinkley.
A Treasury for the Social Gospel, by Walter Rauschenbach.
The Meaning of Prayer, by H. E. Fowler.

School and College Credit for Out- side Bible Study, by C. A. Wood.
The Leadership of Bible Study Groups, by Horne.
The Psychology of Conviction, by Joseph Jastrow.

Of special interest to Teachers are the following:
The Rural Teacher and His Work, by H. W. Fought.
The Advanced Montessori Method, by Maria Montessori.
The Art of the Story Teller, by Marie Shadlock.
The Vocational Education of Girls and Women, by A. H. Leake.

A Truck for the Farmer

FARM equipment which will effect a time and labor-saving, and therefore a money-saving, must be carefully considered by every good farmer now-a-days.

The farm wagon, which for years was the most useful of all farm equipment, is now being replaced on the best farms by a sturdy, dependable motor truck. The truck will haul any farm product—fruit, grain, vegetables, stock, fertilizer, or wood—around the farm, or to the town or city many miles distant, in half the time, and at a much lower cost.

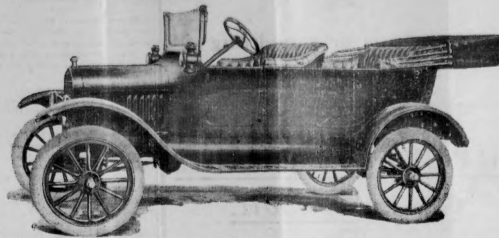

The Ford One-Ton truck is a rapid, economical and very serviceable means of transport. One of these on your farm will save you weeks of time in a single season and will enable you to pass through a crisis of labor shortage with less difficulty.

The Ford truck is supplied as a chassis only. This permits you to select any of the many body styles especially designed for the Ford truck and already on the market. Thus you can mount the one which suits your individual requirements.

Price \$750 f.o.b. Ford, Ont.

Three of the many body styles that may be mounted on the Ford truck chassis

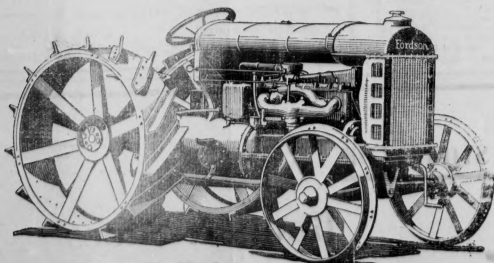

Price \$690.00 f.o.b. Ford, Ont.

We have FOUR USED FORDS in first class condition. Will trade for Live Stock or sell cheap for cash, as we have not the room to carry them over winter.

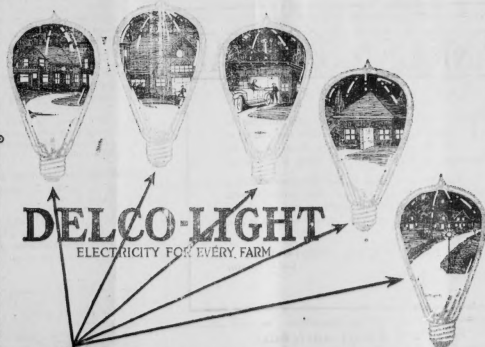

Land for Sale.

One Hundred and Sixty Acres good Farm Land for sale. Situated ten miles from town. Terms \$3.00 per acre cash. Balance crop payments.

Price \$950.00 f.o.b. Dearborn, Mich. [no duty].

Order NOW to be sure of Spring Delivery.

DELCO-LIGHT
ELECTRICITY FOR EVERY FARM

DELCO-LIGHT quickly pays for itself in time and labor saved.

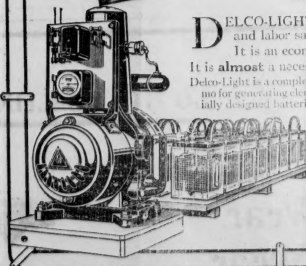

It is an economy—not an Expense.

It is almost a necessity on the modern farm.

Delco-Light is a complete electric plant—gas engine and dynamo for generating electric current—and highly efficient, specially designed batteries in which it is stored for instant use.

Delco-Light is trouble-proof, and so simple that a child can care for it.

It will furnish ample light for house and barn, and also power to operate pump, churn, cream separator, washing machine, milking machine, etc.

BANK OF MONTREAL

THE Bank of Montreal announces that dating from Saturday, October 12th, the offices of the Bank of British North America will be operated as Branches of the Bank of Montreal.

To the customers of that Bank we extend a cordial invitation to continue their accounts with us and an assurance that their business, whether it be large or small, will receive our best care and attention.

FREDERICK WILLIAMS-TAYLOR,
General Manager.

Buy Victory Bonds till it bites.

Local and General.

Mr. and Mrs. Oliver's little girl Winifred was operated on at Medicine Hat this week for appendicitis, and we understand is getting on very favorably. Mrs. Oliver is staying at Medicine Hat in the meantime.

Mr. Swenson who went under an operation at Medicine Hat last week for appendicitis, is we are glad to hear getting along fine, and will probably return home with Mrs. Swenson next week.

A dispatch from Smith's Falls, Ont., dated Oct. 23rd, announces the death of J. C. Knox after a week's illness of pneumonia. Mr. Knox was formerly connected with a Winnipeg newspaper and for some years conducted a newspaper at Grassy Lake.

Mr. and Mrs. S. Y. Hurst have taken over the Munro building on Main Street.

Mrs. J. Pollitt is at Banwell this week nursing Mrs. Agne.

Mrs. Klontsch is visiting her husband at Ponoka this week.

Influenza prevented or broken up in early stages by using Creosote-Losine. For sale at the Drug Store.

Although there are many cases of sickness in town due to the grippe or severe cold, there are but few, we understand, that can be diagnosed as influenza. For this state of affairs we have to thank largely the local M.H.O. and his Board, who in promptly taking steps in prohibiting meetings, etc., no doubt did much to prevent the spread of the epidemic. Another satisfactory feature is the splendid service obtained at the local drug store, the proprietor of which, notwithstanding the lack of professional assistance has been unflinching in his efforts to cope with the requirements of the public, not failing even to turn out in the night to prescribe the urgent cases. Such a service at this time is a real necessity and we believe the public rightly appreciate it as such.

Mr. Lake of Winnipeg has arrived to take a position in the local branch of the bank of Montreal (B.N.A.).

Farmers who are interested are requested that when the government took the duty off tractors it was for one year only, and this expires on February 1st. Consequently those who contemplate buying a Fordson tractor should take immediate steps otherwise they may have to pay later on for their tax.

Mrs. E. C. Ludke is visiting her husband at Pelate, Sask., where the latter is in charge of an elevator.

Mr. and Mrs. Robt. Fairbairn left on Saturday last for Vancouver to visit their son Fred, who is reported to be very ill with influenza.

J. Darling, formerly with the Bow Island Drug Co. has taken a position in Medicine Hat.

It is understood that the Dominion of Canada will go back to the old time on Sunday next Oct. 27th, when all clocks will be put back sixty minutes at two o'clock.

We have not heard of a person taking influenza who had used Creosote-Losine. Sold at the Drug Store.

Prepare for the Victory Loan drive and buy a Bond. Buy lots of bonds.

H.N. Beattie represented Bow Island at the big Victory Loan convention of Alberta editors and loan workers at Calgary last week.

Owing either to the influenza, freight strike or some other cause the Review and its review of the regular commitment of paper this week, and consequently it has been compelled to appear nine or four of its pages.

Gauze masks for sale at the Bow Island Drug Store.

INFLUENZA

Some interesting Facts About Its History, Prevention and Treatment

(Contributed by the Committee on Conservation, Ottawa)

Influenza, which is now sweeping over Canada, from one end to the other, is a very old disease. It was known in ancient times, and as early as 1316 it overran the whole civilized world. For centuries it has periodically swept over various parts of the world. The last great world epidemic was in 1889-1890 when it was generally known by the French name of la grippe. The disease has always travelled from east to west.

Symptoms

The symptoms are similar to those of a very cold, more or less severe headache, cold in the head and throat, fits of sneezing, flushed face, chills, aches and pains in the back and limbs, pain in the eye-balls and behind the eyes, general physical depression, and temperature rising to between 101 and 102 degrees.

How to Prevent It

As it is such an old disease, doctors have naturally learned a great deal about its prevention and treatment. The first principle of prevention is to keep away from those infected, and the second, to build up the germ-resistance of the body by eating nourishing foods, dressing comfortably, getting lots of sleep, and by living in the open air and in bright, well-ventilated rooms as much as possible. The mouth, throat and frequently infected by antiseptic inhalations, sprays and washes. Such preparations as chloroxone and Iodine are well adapted for this purpose.

In fighting previous epidemics, doctors found quinine a useful preventive. One grain of sulphate of quinine mixed with (but not dissolved in) a wine-glassful of cold water makes an excellent antiseptic gargle. The antiseptic properties of quinine are well known and its use as described above at once relieves the symptoms of sore throat, which result from the strain of the fight between the white blood corpuscles and the invading germs in the tonsils—the body's first line of defence. Quinine is also given internally with success as a preventive. In one of the more recent outbreaks in Europe, an experiment was tried in which the men of one squadron of a regiment of cavalry were each given 3½ grains of quinine in half an ounce of whiskey daily for 22 days, whilst those of the other squadrons were given none. The latter squadrons had from 22 to 44 cases each of influenza, whilst the squadrons treated with quinine developed only four cases. Inhalations of oil of eucalypti, thymol, oil of mountain pine and the like are also valuable as preventives.

How to Treat It

When a person is struck by influenza, only one course lies upon. That is to take to bed with the least possible delay, and call a doctor. Rest, warmth and quiet are three over-riding remedies of the primary disease, and the best preventive of its more deadly complications, of which pneumonia is the most frequent. While there is no specific for influenza, yet there are many drugs which play a useful part in relieving it, such as quinine, aspirin and various tonics, antiseptic, antispasmodic and heart medicines, to be prescribed by the physician in charge.

What to Eat

The dietetic rules which apply to

any fever apply equally to influenza. Liquid foods at first, solids a little later on. In gradually ascending scale from lightly boiled fresh eggs to chicken, roast joints, etc. Water, soups or hot, may be slipped or "water" may be given. This excellent dish is prepared by blending with a pint of cold water, the whipped whites of from 2 to 4 eggs, flavoured with salt or cinnamon. Then the animal broths may be given. There are many cases in which even the thickest food is spared with bathing and enemata some must be used in adapting diet to the particular case in hand.

PRECAUTIONS AGAINST INFLUENZA

- (1) The sick should be separated from the healthy. This is especially important in the case of first attacks in the household.
- (2) Discharges from the nose and mouth should not be allowed to get dry on a pocket handkerchief or in the side of the house, office or factory. They should at once be collected in paper or clean rag and buried. If this cannot be done, they should be dropped into a vessel containing water.
- (3) Infected articles and rooms should be cleaned and disinfected. Use disinfectants everywhere. Wash the hands frequently.
- (4) Those attacked should not, on any account, mingle with other people for at least a period of ten days from the commencement of the attack. In severe cases, they should remain away from work for a longer period.
- (5) Special attention should be given to cleanliness and ventilation. Warm clothing should be worn. The feet should be kept dry and all unnecessary exposure avoided.
